Commissioner for Patents

**Please find below a communication from the EXAMINER in charge of this application**

Commissioner of Patents

The communication filed on 2/23/09 is not fully responsive to the communication mailed 1/21/09 for the following reasons: Applicant has failed to elect an ultimate species commensurate with item 4a, i.e., for example, one of the alpha-GalCer antigens recited in one of claims 4 or 6. In addition, Applicant is required to specify if the antibody fragment (not antibody) is fused to the heavy chain (of CD1d) or light chain (b2m) of the CD1d complex. Also, Applicant has not provided an accurate accounting of the claims readable upon the elected species, i.e, for example, Applicant has specified that claims 1-43 and 46-45 read upon the elected species of complexes without costimulatory molecules; however, claim 46 is a withdrawn method claim and claim 45 recites a costimulatory molecule.

Since the response appears to be bona fide, but through an apparent oversight or inadvertence failed to provide a complete response, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

Any inquiry concerning this communication should be directed to Examiner **Marianne DiBrino**, Art Unit **1644**, whose telephone number is **571-272-0842**.
